### Title of the group 4 project:

Empirical Inquiry of the Impact of Hydrogen Peroxide on Plants

Write a reflective statement of about 50 words outlining your involvement in the group 4 project:

I thought of the research question, and approved it with the group. I then proceeded to conduct research into this topic and plan how we were going to design the experiment. After concluding my research, I designed the experiment collaborating with my group. I also got the pinto bean seeds. After the experiment, I formatted the data into tables, charts, and graphs and helped create the powerpoint.
